Portfolio: https://kelseybrianne.github.io/portfolio/

Highly driven full-stack web developer with a passionate work-ethic looking to build a more intuitive user experience on the web. Earned a certificate in Full Stack Web Development from the University of Washington Coding Bootcamp. Astute problem solver and self-starter who is heavily devoted to creating beautiful applications with mobile-first designs. Strengths in creating pleasing aesthetics, learning quickly, meeting deadlines, and managing projects.

SKILLS

Frontend: HTML, CSS, JavaScript, AJAX, jQuery, Bootstrap, Git, Responsive Design
Additional: Organization, teamwork, communication

PROJECTS

Self-Exploration Challenge | https://bit.ly/3qo7xeq | https://bit.ly/3qljbXr
Designer and Developer
- A self-help application that encourages users to engage in a 30 day self-exploration challenge, providing a tool that generates activity ideas for exploring personal interests and another page for journaling.
- Tools/Languages: HTML, CSS, JavaScript, jQuery, Bulma, AJAX, Bored API, Quotes Free API

Weather Dashboard | https://bit.ly/3EAEJVJ | https://bit.ly/3phem1O
Designer and Developer
- Type any city in the world into the search bar and see the current weather conditions and a five-day forecast for that city, including the temperature in degrees Fahrenheit, wind speed, humidity, and UV index. Each search is saved to a search history list for future reference.
- Tools/Languages: HTML, CSS, JavaScript, jQuery, Bootstrap, AJAX

Work Day Scheduler | https://bit.ly/3lGgf5Q | https://bit.ly/31whptS
Designer and Developer
- A calendar application that offers a simplistic style as well as a solution for those looking to daily schedule and structure their work day. This scheduler tool allows its users to save events for each hour of their work day.
- Tools/Languages: HTML, CSS, JavaScript, jQuery, Bootstrap

WORK EXPERIENCE

Betteridge and McNaughton PS   Sep 2021 - Present
Receptionist   Tacoma, WA

- Diligently served over 1,000 active clients.
- Effectively collaborated with two others to troubleshoot as a team and complete tasks efficiently.
- Recognized by the manager for patience and commitment to customers.

Custom Wedding Dresses   June 2018 - Sep 2021
Seamstress   Remote
- Successfully designed and constructed a wedding dress in less than two weeks.
- Consistently received positive reviews from brides for beautifully catching their vision, thinking creatively, being open to feedback, and attentive to detail.
- Formed genuine relationships with customers by meeting for at least three different fittings, communicating to understand their vision, and attending the wedding afterwards upon invite.

EDUCATION

University of Washington - Seattle, WA   April 2021
Full-Stack Web Development Coding Certificate
